

I Am a Mason

*I continually strive to be
A man of high character, and
I am perpetually in a state of
Improving myself in
Body, mind, and spirit, and
Working with my fellow Masons,
And my family,
To enrich the lives of
My neighbors and my community,
Through a process of caring,
And lifelong learning,
That is available to all through the
Local Masonic Center of the
Centuries-old Fraternity of Masonry,
Which developed the concepts of
Freedom of Expression and Religious Tolerance
In the minds of the Founding Fathers of
The United States of America, and
Has been a constructive, stabilizing,
And enlightening force
Wherever Masons exist,
Throughout history.*
